Dear George Washington High School Class of 1965:

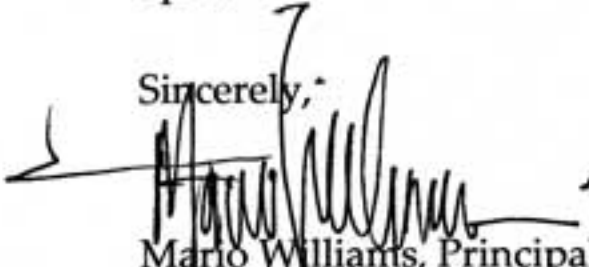

As the current principal of George Washington High School, I would like to congratulate you on the 40th Anniversary of your graduation from George Washington High School in 1965! I appreciate the invitation to your 40th reunion dinner, and hope to see you there.

Alumni form a very important link to an institution's past and play a role in preserving its history and traditions. George Washington High School has a short history of almost 50 years, and the legacy of the school is dependent on the efforts of alumni, such as you, to be passed on to future generations. I encourage any of you who have ideas, or are willing to help preserve the rich history of GW to come forward and help with that endeavor.

Again, as current principal, I am eager to meet with those who have passed through the halls of George, and are interested in seeing the good things that continue happening at the school. It is my hope that we can preserve the traditions of George Washington High School, and share a bright future with the aid of interested alumni, such as members of the class of 1965.

My heartfelt congratulations on your 40th reunion, and remember, the door is always open!

Sincerely,

Mario Williams, Principal
George Washington High School
